Just a wild guess. Since I'm not exactly the president's biggest fan, what are the odds that he actually read something little old me wrote? Do you think I'd be on his fecal list? I don't know about that, I'm not that influential, but I do know Barack Obama himself read some of my posts at 4:52 PM. Here, let me show you.

I have to admit, I was kind of awed, I mean its not everyday the President of the United States reads your blog, particularly when you're not exactly nice to him. That was cool, I have to admit. I just wonder how much longer my reputation is going to remain intact.
